FOREWORD

The 'Gwynant' herd started, like many at the time as dual purpose, rearing calves and producing milk for sale.

My father William O Williams used to tie ten cows in the cowshed in 'Hafod Rhisgl'. The milk was carted, in churns, to the main road by 'Hafod Lwyfog' to be picked up.

During the sixties, registering stopped, more land was acquired and cross bred cows purchased for crossing with Hereford and later Charolais. A Welsh Black bull was always kept to produce replacements.

In 1995 my father retired and I started recording again, grading up the pure Welsh Blacks that were in the 120 strong herd. The cattle were inspected on a nice sunny day by Mrs Gwenfair Jones and Mr Evan Tudor. Some cattle were bought in and the herd was up to around 80 cows.

Environmental schemes came and the cow numbers reduced, always keeping the best, and I am down now to what you see at the sale.

In the last twenty years or so I have kept a closed herd and only bought in bulls. These bulls came from many different herds, 'Fodlas', 'Bro-Waun', 'Neuadd', 'Gwern-Cynyddion', 'Nanthys', 'Tryfil', 'Brysgaga', 'Penywern' and now 'Iwrch Sam', a quiet very easy to handle and very easy calving bull, who is the father of the calves at this sale.

I hope you like what I have worked long and hard to produce. This is a sad day for me and your bidding could help lessen the pain.

Thank you for your interest.

Richard
